COLUMBIA UNION COLLEGE POLICY FOR TRANSFER OF CREDIT AND METHODS FOR AWARDING CREDIT FOR NON-CLASSROOM LEARNING

INTRODUCTION

Mobility is a common human phenomenon. This is particularly true for students of higher education. For several reasons—a change in major, a family move, the economic or familial necessity of attending college close to home—students are frequently faced with the need to obtain their collegiate education from two or more institutions. In response to such needs, Columbia Union College welcomes transfer students from other accredited colleges and universities. Thus, a conscientious effort has been made to create a student-oriented transfer process. The foremost goal in a policy that provides a strong focus toward serving students and strives to treat continuing and transfer students consistently on program issues (e.g., degree requirements and program changes).

At Columbia Union College there may be differences between the acceptance of credit for admission purposes and the applicability of credit for degree purposes. The College may accept previous work, place a credit value on it, and enter the total credits into the computer for evaluation for admission. Previous work, because of its nature and not its inherent quality, may be determined to have no applicability to a specific degree to be pursued by the student.

The challenge in this Transfer Policy is to reach an appropriate balance among varied and sometime competing goals. Some of those goals include: (a) facilitating student mobility; (b) recognizing the distinct mission of this institution and the faculty role in the development of the mission; (c) providing information to students on course equivalencies and program requirements; and (d) balancing the College concerns with institutional autonomy and program integrity.

The College also recognizes that in today's world significant learning may occur outside the collegiate classroom. The purpose of this document is to establish also the methods by and limits for which academic credit may be awarded for non-classroom learning.

The College endorses the “Joint Statement on Transfer and Award of Academic Credit" developed in 1978 by the American Association of Collegiate Registrars and Admissions Officers (AACRAO), the American Council on Education/Commission on Educational Credit, and the Council on Postsecondary Accreditation, and approved by the American Association of Community/Junior Colleges in 1990. It states in part that "transfer of credit is a concept that now involves transfer between dissimilar institutions and curricula and recognition of extra-institutional learning, as well as transfer between institutions and curricula of similar characteristics."
AUTHORITY FOR POLICY

This policy statement for accepting transfer credit and awarding credit for non-classroom learning was recommended by the Educational Policies Committee and approved by the Faculty. The Director of Records is charged with procedural responsibilities for implementing this policy, The Academic Affairs Committee is charged with final decisions on student appeals.

ACCEPTABLE CREDITS

Transfer students must meet the 30-hour residency requirement for the baccalaureate degree and 24 hours for the associate degree. No more than 90 semester hours may be transferred to help meet the requirements for a baccalaureate degree, and no more than 40 semester hours for the associate degree.

Transfer credit will be accepted from an institution that is either accredited or a candidate for accreditation by an accrediting association which is a member of the Council on Postsecondary Accreditation (COPA) and must be listed in the Accredited Institutions of Postsecondary Education: Programs, Candidates published by ACE. Credits earned at an accredited college or university with grades of C or better will be transferred at full value if earned for course work which is comparable in nature, content, and level to that offered by CUC and is appropriate to the program in which the student is enrolled. Evaluation is based on the review of the primary academic transcript of record from all institutions attended. The college reserves the right to reject credit earned at other institutions or require validation examinations, especially in professional programs, to meet current content requirements in specific courses. The transfer of any credit is subject to the criteria listed below. The precise amount of transfer credit, which is applicable toward a particular degree, is the responsibility of the Director of Records.

Columbia Union College reserves the right to evaluate not only the credit as it appears on the transcript, but also the basis on which the credit was initially awarded by the sending institution—that is, classroom experience, examination, experiential learning, etc. Experiential learning credit being transferred from another institution must be accompanied by the original portfolio from which the credit was awarded. The maximum number of hours transferrable of credits earned by other than classroom experience shall not exceed those allowed for that type of learning by the non-transfer student.

Transfer credit will be accepted from an institution or organization not legally authorized to grant standard college degrees only if that course has been evaluated and recommended by the American Council on Education (ACE) or is a part of an articulation agreement approved by the Maryland Higher Education Commission. Credit transcripted on ACE’s Army/ACE Registry Transcript System (AARTS) and Registry of Credit Recommendations (ROCR) or from participants in the Program for Non-collegiate Sponsored Instruction (PONSI), will be accepted. ACE recommendations appear in the following publications: Guide to the Evaluation of Educational Experiences in the Armed Services and The National Guide to Education Credit for Training Programs, and the New York Regents Guide to Educational Programs in Non-collegiate Organizations.
Transfer credit may be granted for postsecondary work at foreign institutions if the institution is listed in the *International Handbook of Universities, Commonwealth Universities Yearbook*, the World Education series of booklets published by the American Association of Collegiate Registrars and Admissions Officers, or *Patterns of Seventh-day Adventist Education*, published by the General Conference of Seventh-day Adventists.

A maximum of 70 semester hours will be accepted from accredited two-year institutions. Upper division credit will not be allowed for courses taken at a two-year institution or for courses numbered as lower division credit at another four-year college or university unless courses are validated by the appropriate department.

A maximum of 60 semester hours will be accepted for credits earned through non-classroom learning methods which include credit by examination, experiential learning portfolio, correspondence, and ACE recommendation (excluding military). Credit awarded by challenge examinations prepared by other institutions will not be transferred; such credit may be validated by the appropriate CUC department.

No more than 30 semester hours will be accepted for credits earned through a combination of challenge examinations and experiential learning portfolio.

A maximum of 60 semester hours will be accepted for credits earned through non-classroom learning methods which have resulted in licensure or acceptance on a registry. The 60 hours of credits accepted for a nursing license which is to be applied to programs other than the BSRN may be broken down at least into 4 hours for Anatomy and Physiology and 56 hours of nursing electives or as listed on the transcript; for BSRN requirements, see below. Respiratory care credits may be broken down into 4 hours for Anatomy and Physiology and 56 semester hours in electives; the 60 hours for Radiography may be broken down into 4 hours for Anatomy and Physiology, 3 hours for Mathematics, and 53 hours in electives. A maximum of 24 hours may be accepted for a practical nursing license, 12 hours for police academy graduation, and 3 hours for a real estate license. FAA Certificates may be awarded credit as follows: 9 hours for Private Pilot Rating; 9 hours for Commercial Pilot Rating, 12 hours for Instrument Pilot Rating, 2 hours for Multi-Engine Pilot Rating, and 6 hours for Flight Instructor Rating for a maximum of 38 hours for pilot’s/instructor’s licenses.

Transfer credit earned by correspondence will be accepted only for those courses earned at a regionally accredited college or university and would be accepted by that institution as credit toward a degree.
Proprietary and/or Technical Institutions

Transfer credits coming from COPA accredited proprietary and/or technical institutions for which no semester hours have been indicated will be computed on the following basis: The number of semester hours will be based on the total number of clock hours in the course transferred into total minutes divided by 50 to determine equivalent class time. The class time will be divided by 4 (1 hour lecture, 3 hours preparation/lab), and that total will be divided by 15 (weeks in a semester). No more than 24 hours will be given for 9 months of work, and no more than 60 hours will be transferred.

CREDIT BY EXAMINATION

Examinations

The credit by examination policy at Columbia Union College gives students an opportunity to receive official academic credit for learning achieved in non-traditional ways. There is an examination fee for each examination administered by the College and a fee for each semester hour recorded by the College. Examinations officially used by Columbia Union College to grant credit by examination are as follows:

1. Those listed in the Guide to Educational Credit by Examination prepared by the American Council on Education: The Center for Adult Learning and Education Credentials
   - College-Level Examination Program (CLEP) tests administered by the College Entrance Examination Board (CEEB)
   - Defense Activity for Non-Traditional Education Support (DANTES) Subject Standardized Testing Program
   - American College Testing Program Proficiency Examination Program (ACT PEP)
   - Regents College Examinations (RCE/ACT PEP)
   - The Institute for Certification of Computer Professionals Examinations (Associate Computer Profession (ACP) and Certified Data Processor (CDP)
   - Certified Professional Secretary (CPS) Examination
   - Foreign Service Institute (FSI) Oral Proficiency Language Assessment Examinations
   - American Chemical -Society (ACS) Examinations

2. College Entrance Examination Board Advanced Placement Program (CEEB/ AP) tests administered by CEEB to students whose secondary schools offer advanced placement courses
3. Examinations prepared by college instructional departments (challenge examinations)
4. Certain other commercially prepared standardized examinations as approved by the CUC Educational Policies Committee.
Transfer Policy and Non-classroom Learning Credits – March 9, 1993

1. **General Transfer Policies for Credit by Examination**

1. Credit earned by examination at another educational institution may be transferred provided that it meets the credit by examination policies of CUC.
2. Credit earned by examination will be recorded only when the student has completed at least 12 semester hours at CUC unless it is present on a transcript accepted for transfer.
3. Credit cannot be established by examination in ENGL 101 AND ENGL 102 unless it is present on a transcript accepted for transfer.
4. Credit earned by examination will be granted P (pass).
5. Maximum credit that can be earned and/or transferred by examination is 24 hours for a baccalaureate degree and 12 hours for an associate degree. Credit granted based on a combination of challenge examination and experiential learning portfolio assessment may not exceed 30 semester-hours.
6. An examination may not be taken in an area where the student has had a more advanced course or a course with similar content.
7. Credits by examination cannot be used to meet CUC residency requirements.
8. A test can be attempted only twice with a waiting period of six months between attempts.
9. Graduating seniors must present scores from examinations at least one term prior to the term in which they plan to graduate.

20. **College-Level Examination Program (CLEP)**

College-Level Examination Program (CLEP) tests are administered by the Education Department. Arrangements for testing must be made through that department.

24. There are two kinds of CLEP tests: general examinations and subject examinations. Credit for general examinations is accepted only for humanities (fine arts, 3 hours). A score at the 50th percentile or above is required for acceptance of credit at CUC. A complete list of subjects accepted by CUC is listed below:

20. *Not recommended for pre-professional students.

**Advanced Placement Program**

The College Entrance Examination Board Advanced Placement Program (AP) allows qualified teachers in certain secondary schools to prepare students to take AP tests. The College Entrance Examination Board (CEEB) prepares, administers and grades the examinations and sends the grades to the colleges specified by the candidate. They are graded on a five-point scale: 1, no recommendation; 2, possibly qualified; 3, qualified; 4, well qualified; 5, extremely well qualified.

CUC grants college credit to students with scores of 3 or better on the AP examinations. Students who receive a score of 3 in English must also take a departmental test. Students who transfer from another institution who were awarded credit for the Advanced Placement examination will be evaluated to
receive similar credit after a review of their current writing skills. Credit will be awarded or denied based on the results of the test. Students who receive a score of 5 may be granted two additional hours of English electives. A list of subjects accepted by CUC is listed below:

</tr>
</tbody>
</table>

*Not recommended for pre-professional students

**Challenge Examinations**

A challenge examination may be taken for course credit for the following courses:

- BIOL 111; 112 Anatomy & Physiology (4;4)
- CHEM 105 Survey of Chemistry (4)
- CHEM 110 Principles of Organic & Physiological Chemistry (4)
- CPTR 105 Electronic Data Processing (3)
- FDNT 260 Nutrition (3)
- MUHL 110 General Music (2)
- OFAD Selected courses

**Validation Examination**

A validation examination may be required in order to validate credits from unaccredited programs or institutions or to update the contents of courses required by a department.
Waiver

A waiver may in some cases be petitioned to the Academic Affairs Committee to be accepted in lieu of a course requirement. It does not allow course credit.

CREDIT FOR EXPERIENTIAL-LEARNING PORTFOLIO

Students at Columbia Union College may apply for credit for experiential learning by submitting an experiential- learning portfolio along with a non-refundable evaluation fee. Students must prepare the portfolio in accordance with the Manual for Experiential-Learning Portfolio, in which they show evidence of learning gained through experience over a reasonable period of time and relevant to their academic goals. Credits awarded for experiential learning are limited to a maximum of 24 semester hours for baccalaureate degrees and 12 hours for associate degrees and may not be used to meet residency requirements. Students must have completed 12 semester hours before experiential-learning credit can be recorded. Credit granted based on a combination of portfolio and challenge examinations may not exceed 30 semester hours. Experiential learning credits will be recorded as 'Pass" credits and a fee is charged for each semester hour recorded.

APPEAL PROCEDURE

Students who believe that this policy was not implemented accurately or wish to appeal for an exception to the policy may submit a petition to the Academic Affairs Committee for a final action.

REQUIREMENTS SPECIFIC TO THE BSRN NURSING PROGRAM

Hospital Related Nursing

Twenty hours of nursing electives may be transferred from a hospital-related nursing program. These will be recorded only at the completion of the baccalaureate program. The credit awarded is by proficiency. There is a flat recording fee for these 20 hours.

NURS 345 and NURS 346 Human Need Alterations I and II (7 hours) validates:

- BIOL 111; 112 Human Anatomy & Physiology
- BIOL 150 Microbiology

The above credit cannot be validated unless the student has taken NURS 345 and 346 as a component. There is a recording fee for the 12 hours of validated credit.
A higher level of chemistry may be taken to validate a lower level chemistry taken at a hospital-based nursing program.

Any upper-level course that has a prerequisite can validate the lower level course. There is a recording fee per credit hour for validation.

Nursing Transition Courses (NTC) may be transferred from other Maryland State Colleges and Universities (4-year schools). Credit can be accepted for the following courses:

- Anatomy & Physiology: 6 hrs.
- Microbiology: 4 hrs.
- Intro to Oral Communication: 3 hrs.
- Intro to Psychology: 3 hrs.
- Psych of Devel. & Learning: 4 hrs.
- General Sociology: 3 hrs.
- Humanities or Gen. Electives: 3 hrs.

CLEP exams as approved in the regular college bulletin are acceptable in the nursing program.

The NLN exam may also be used to validate BIOL 111, 112, and 150.

Group Process or Group Communication cannot be accepted to fulfill the requirement for CMME 105 Introduction to Oral Communication.

Six hours of religion are required for all BSRN students regardless of how many religion hours they may have taken elsewhere.

Transfer courses for science, which are more than ten years old, must be validated through a challenge exam.
